

space shuttle

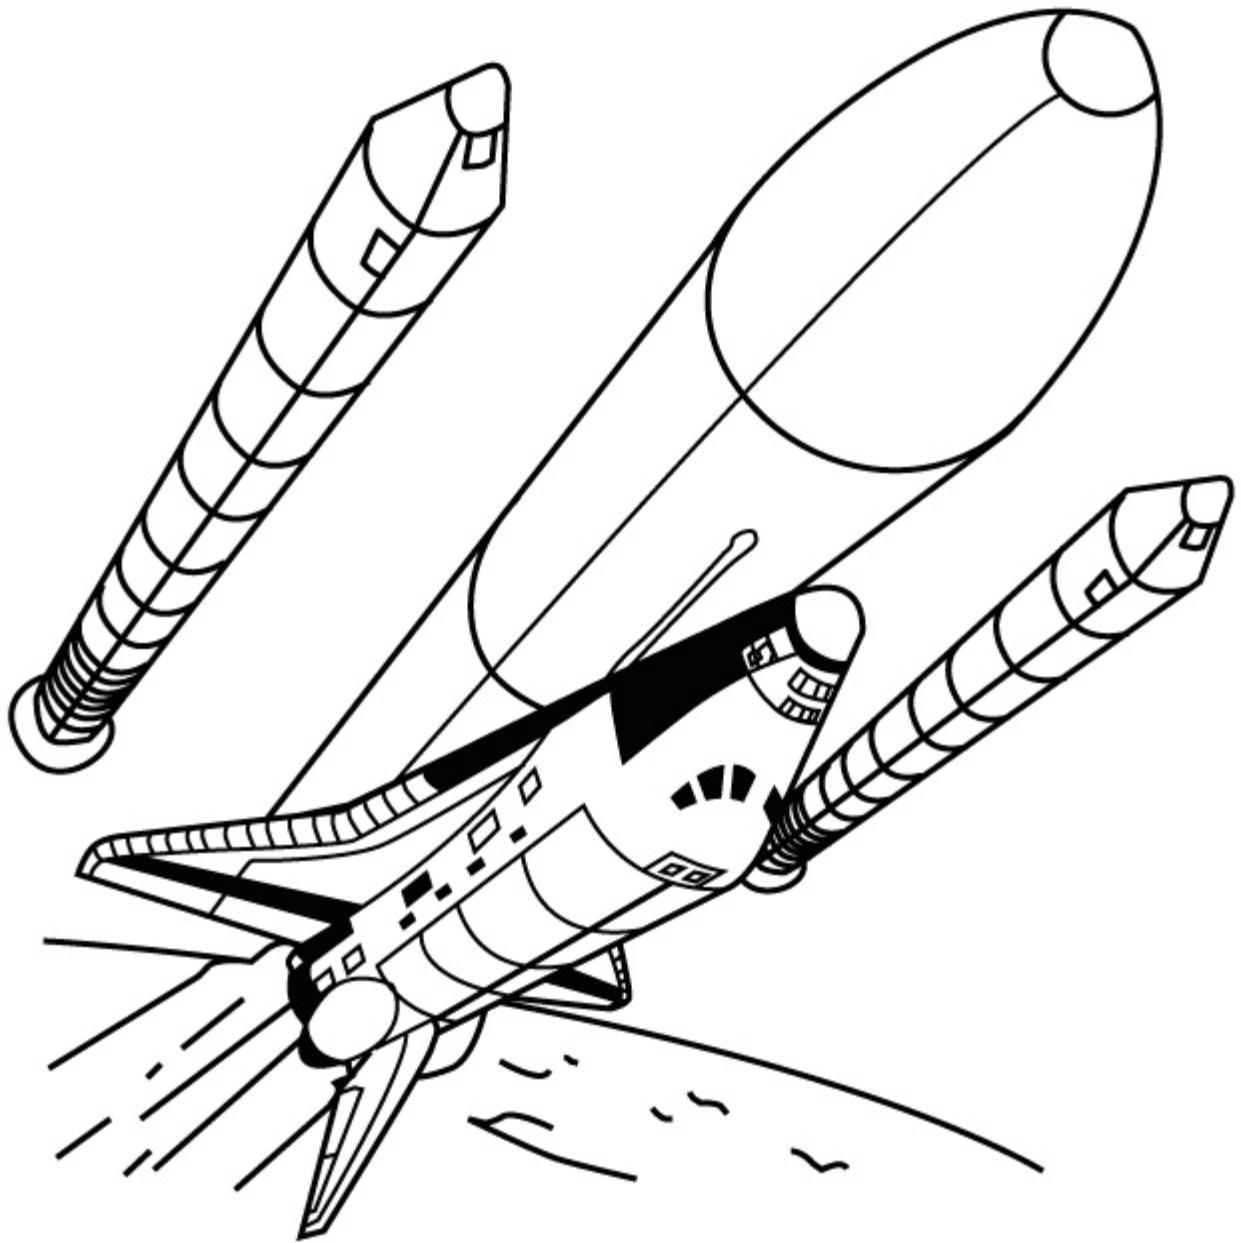

color and learn

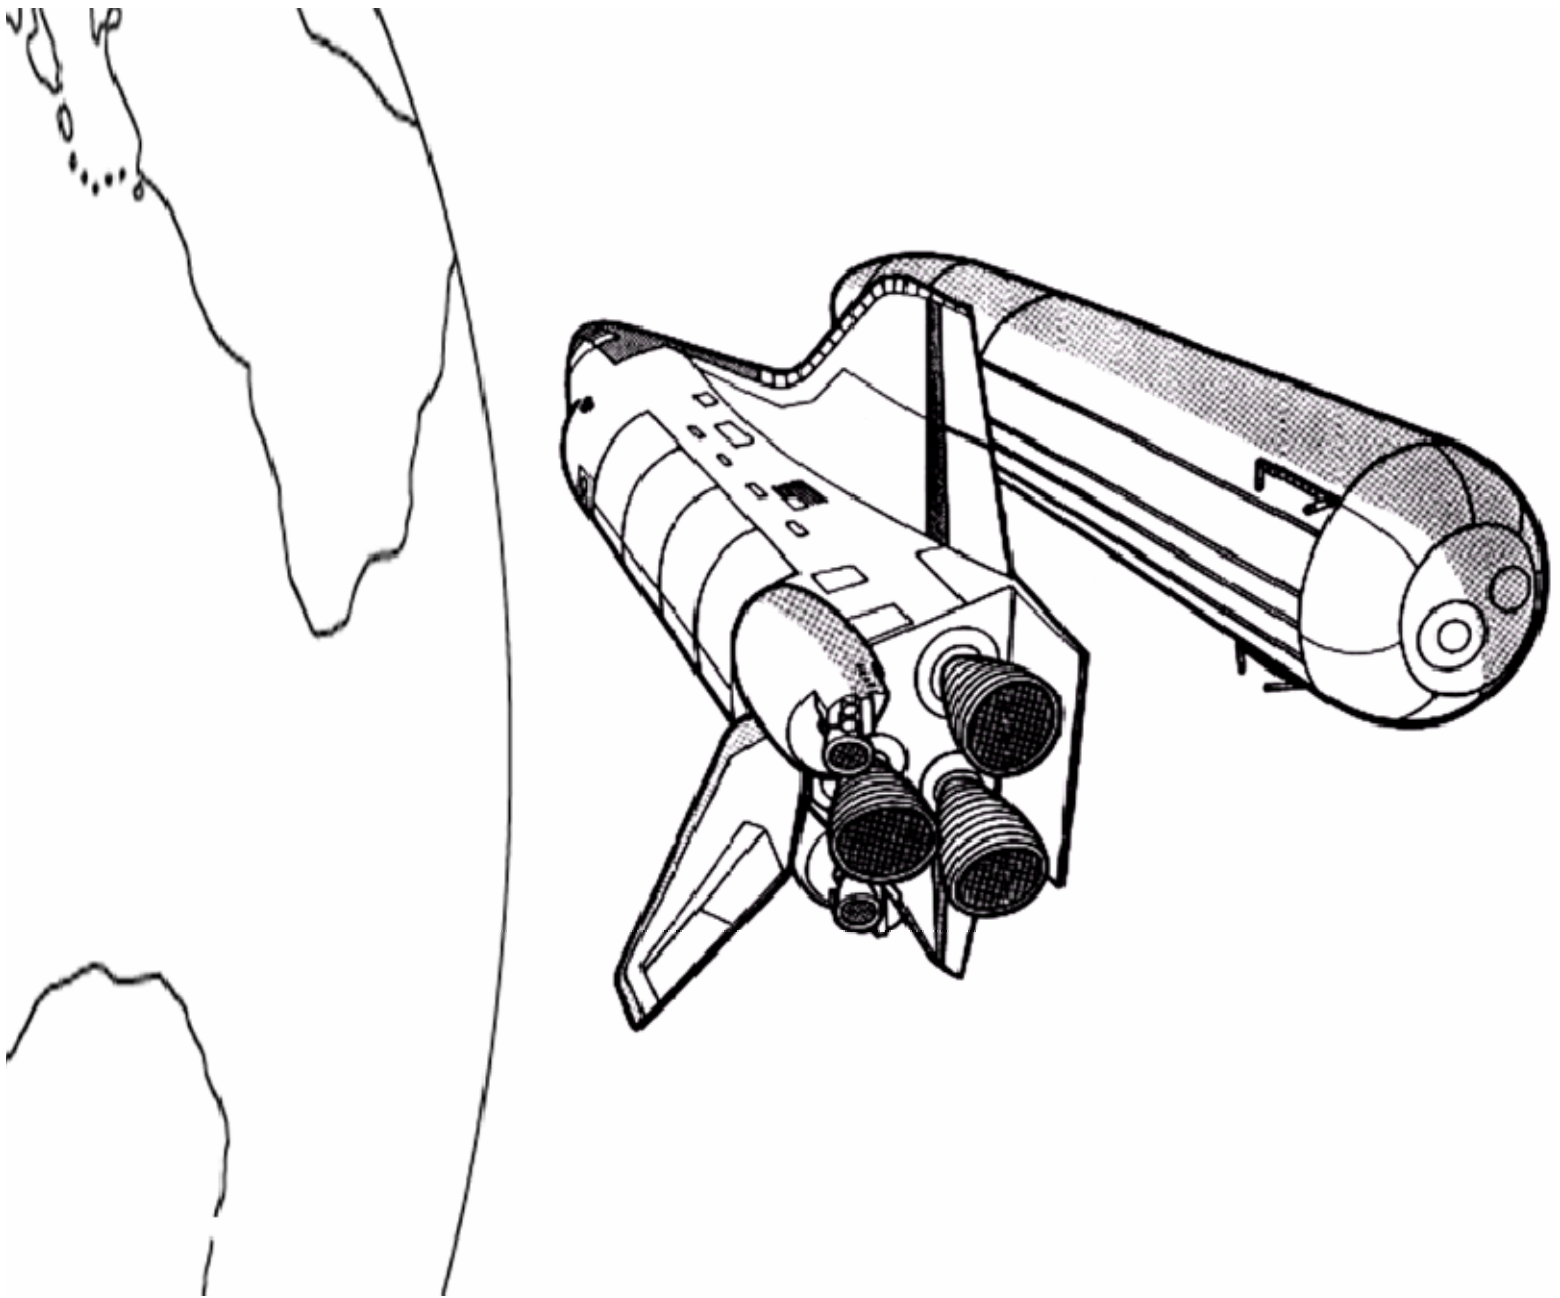

The space shuttle is ready for liftoff!

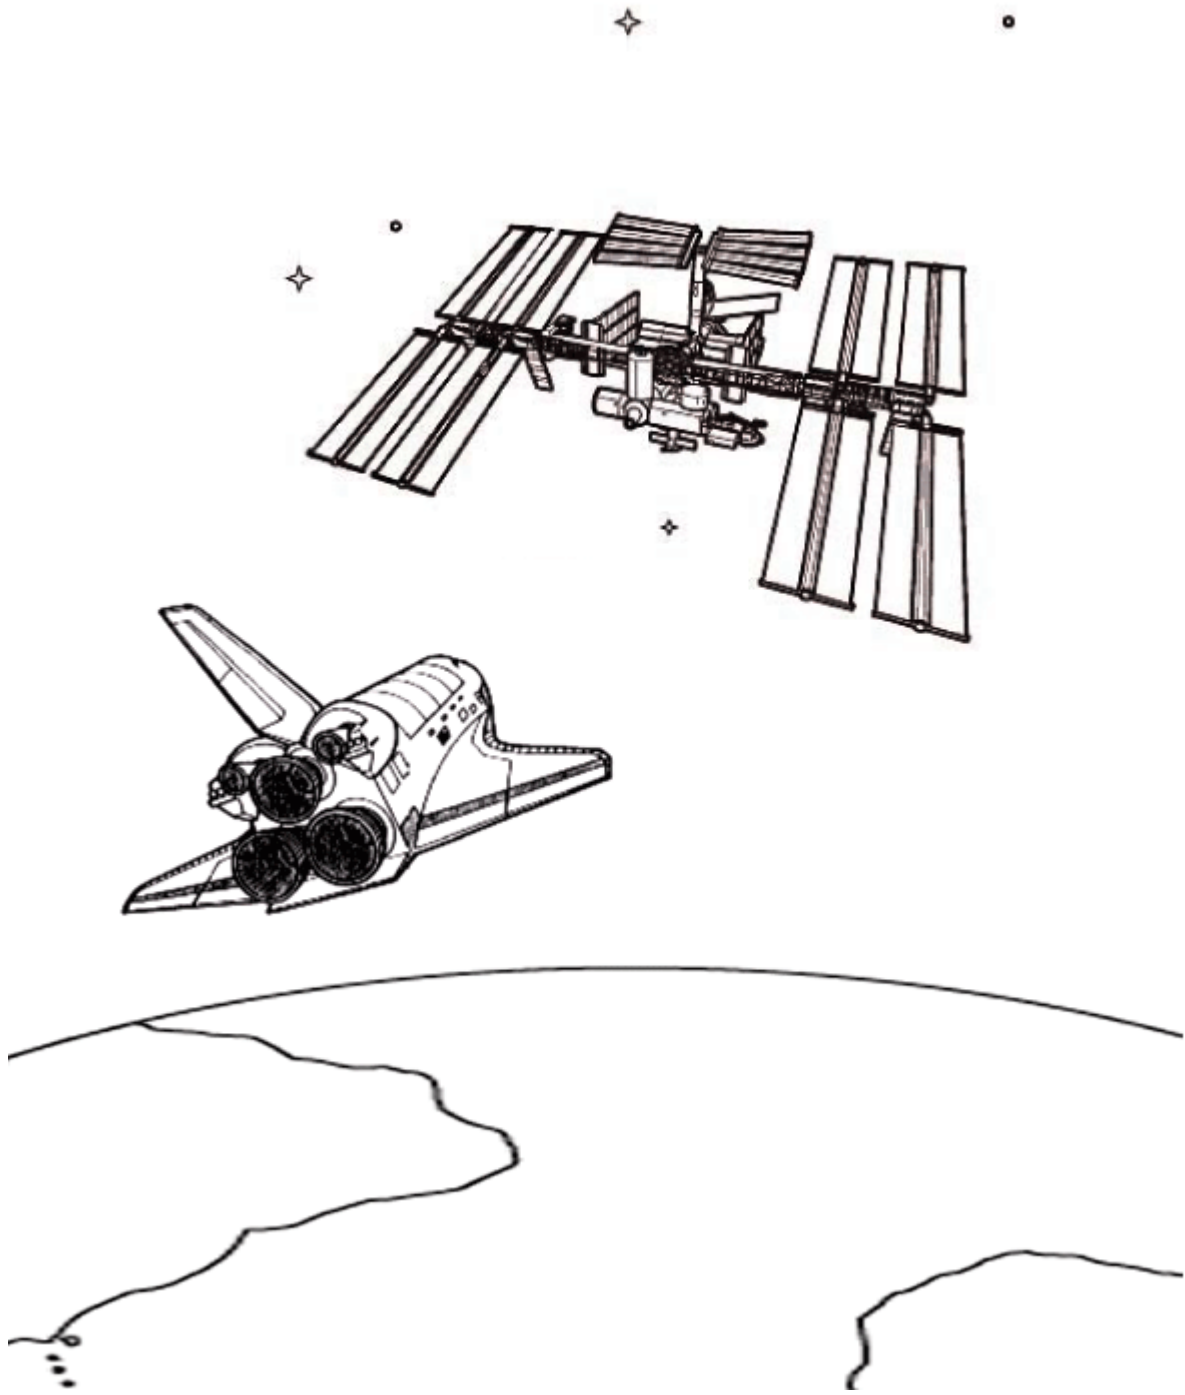

The shuttle heads into space!

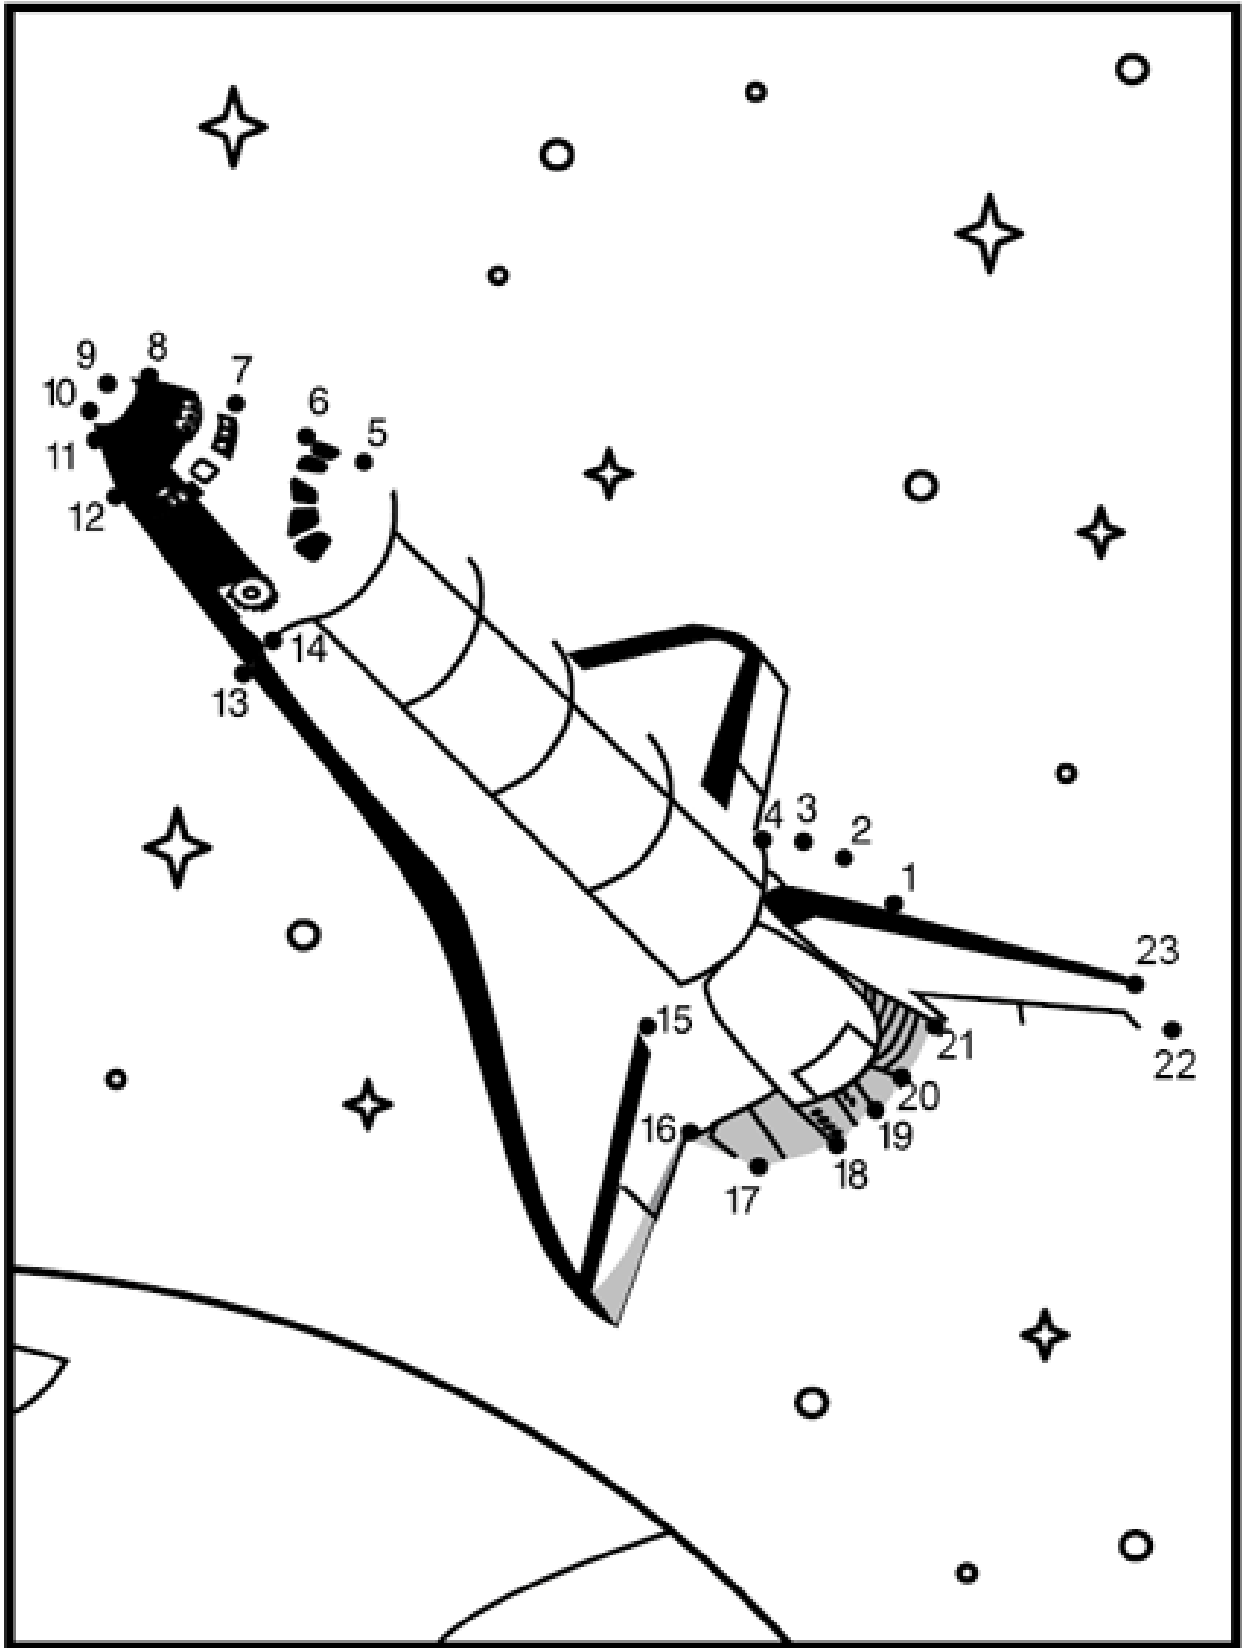

The empty solid rocket boosters fall away. They will splash down in the ocean.

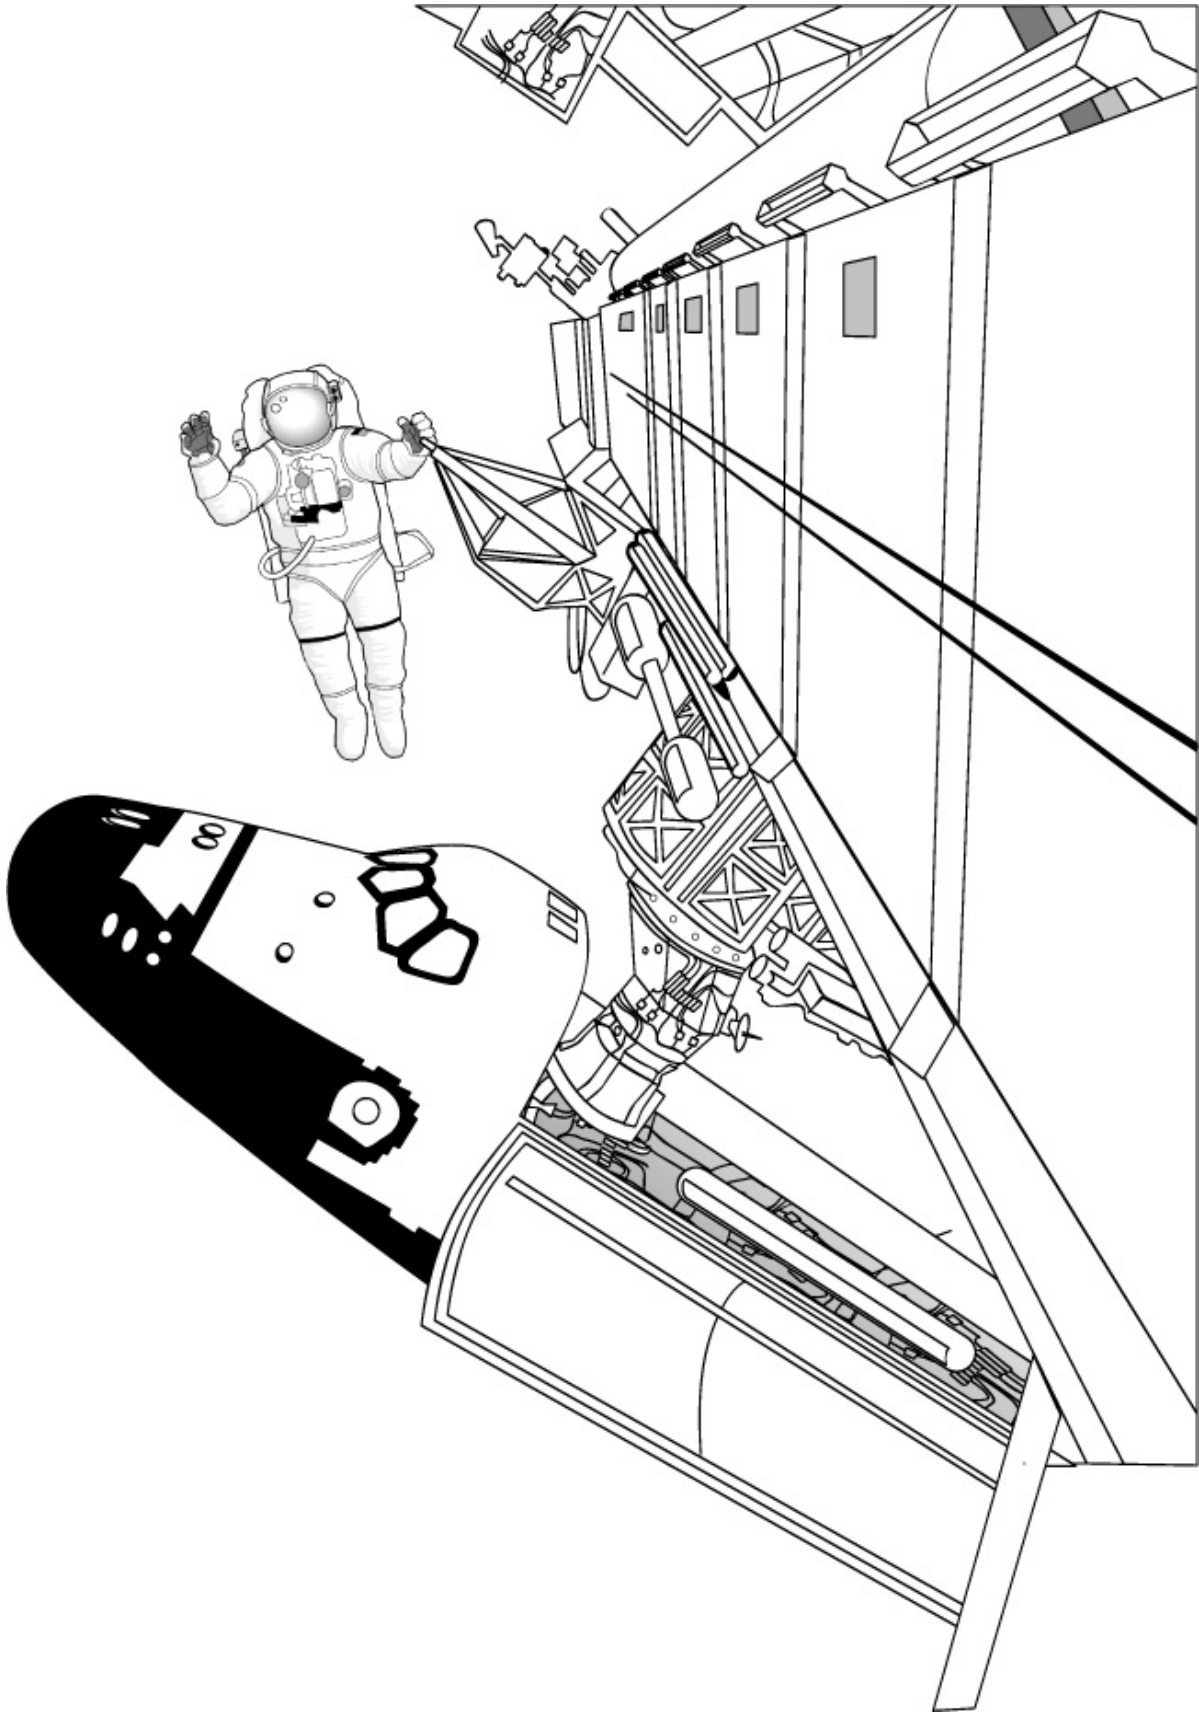

The empty external tank falls away.
It will burn up in the atmosphere.

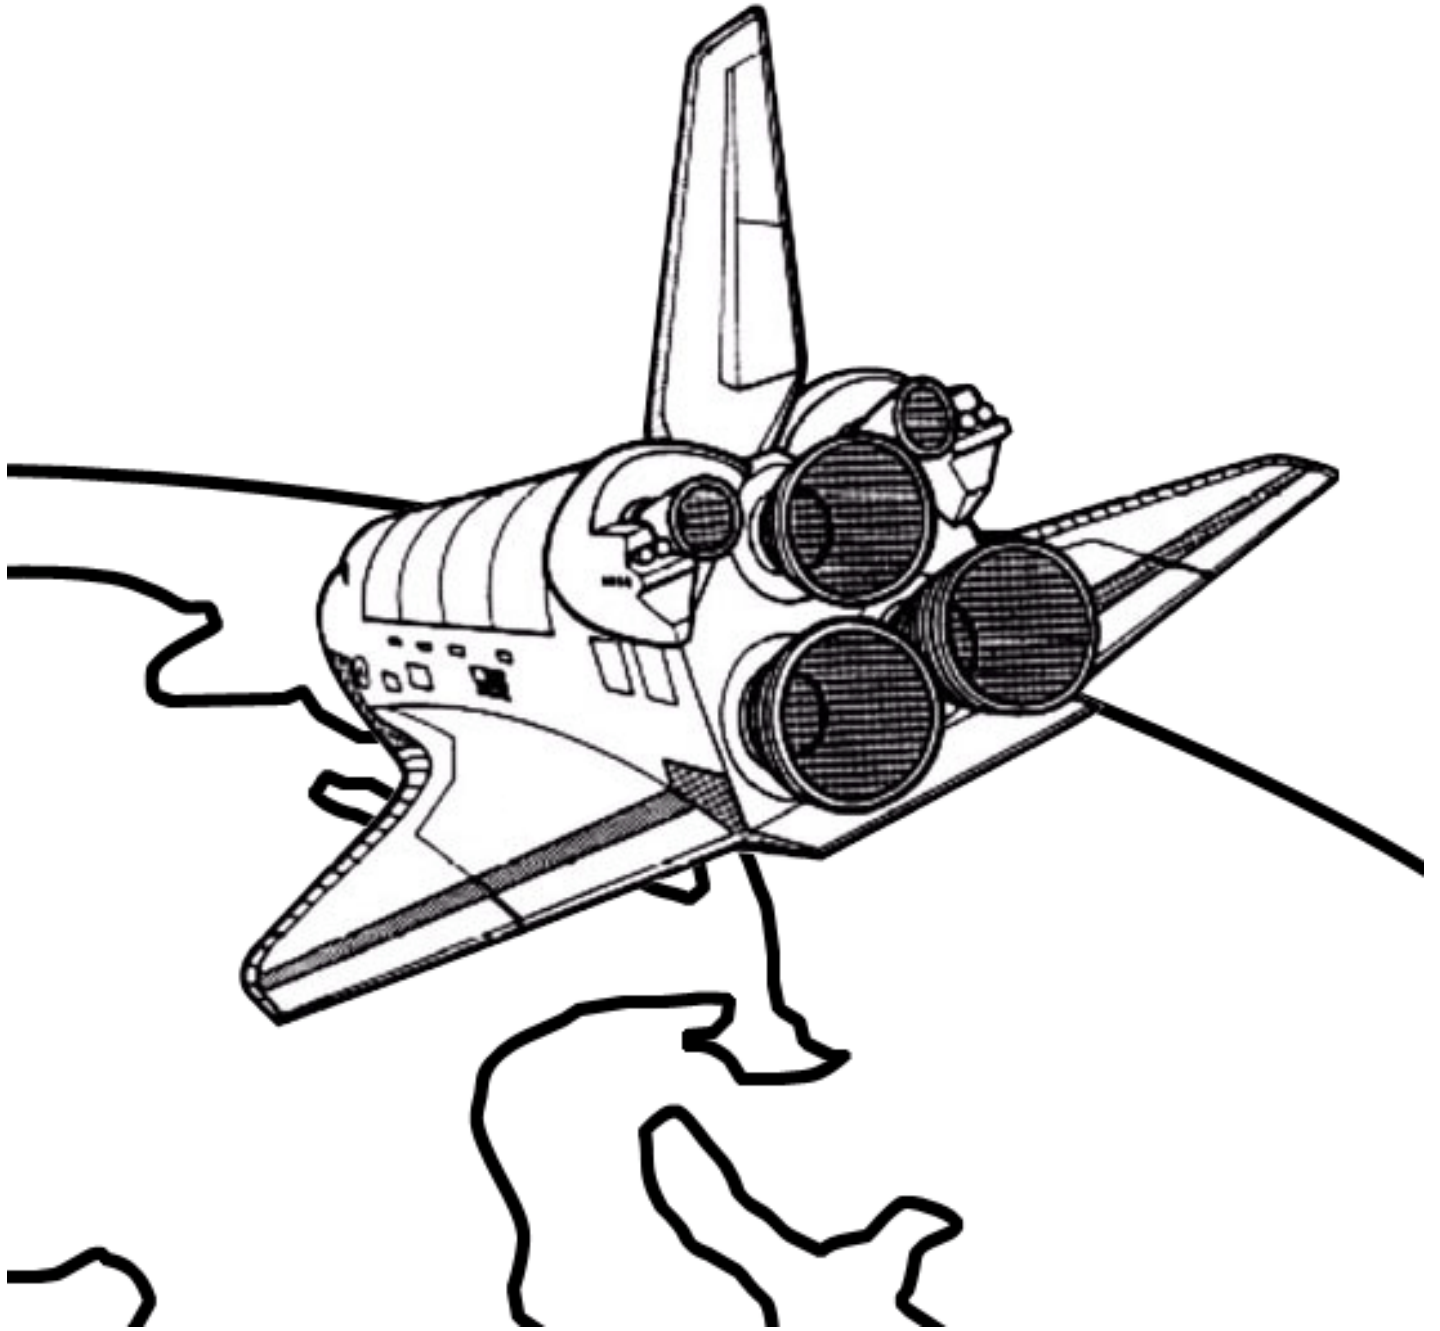

The shuttle heads to the
International Space Station.

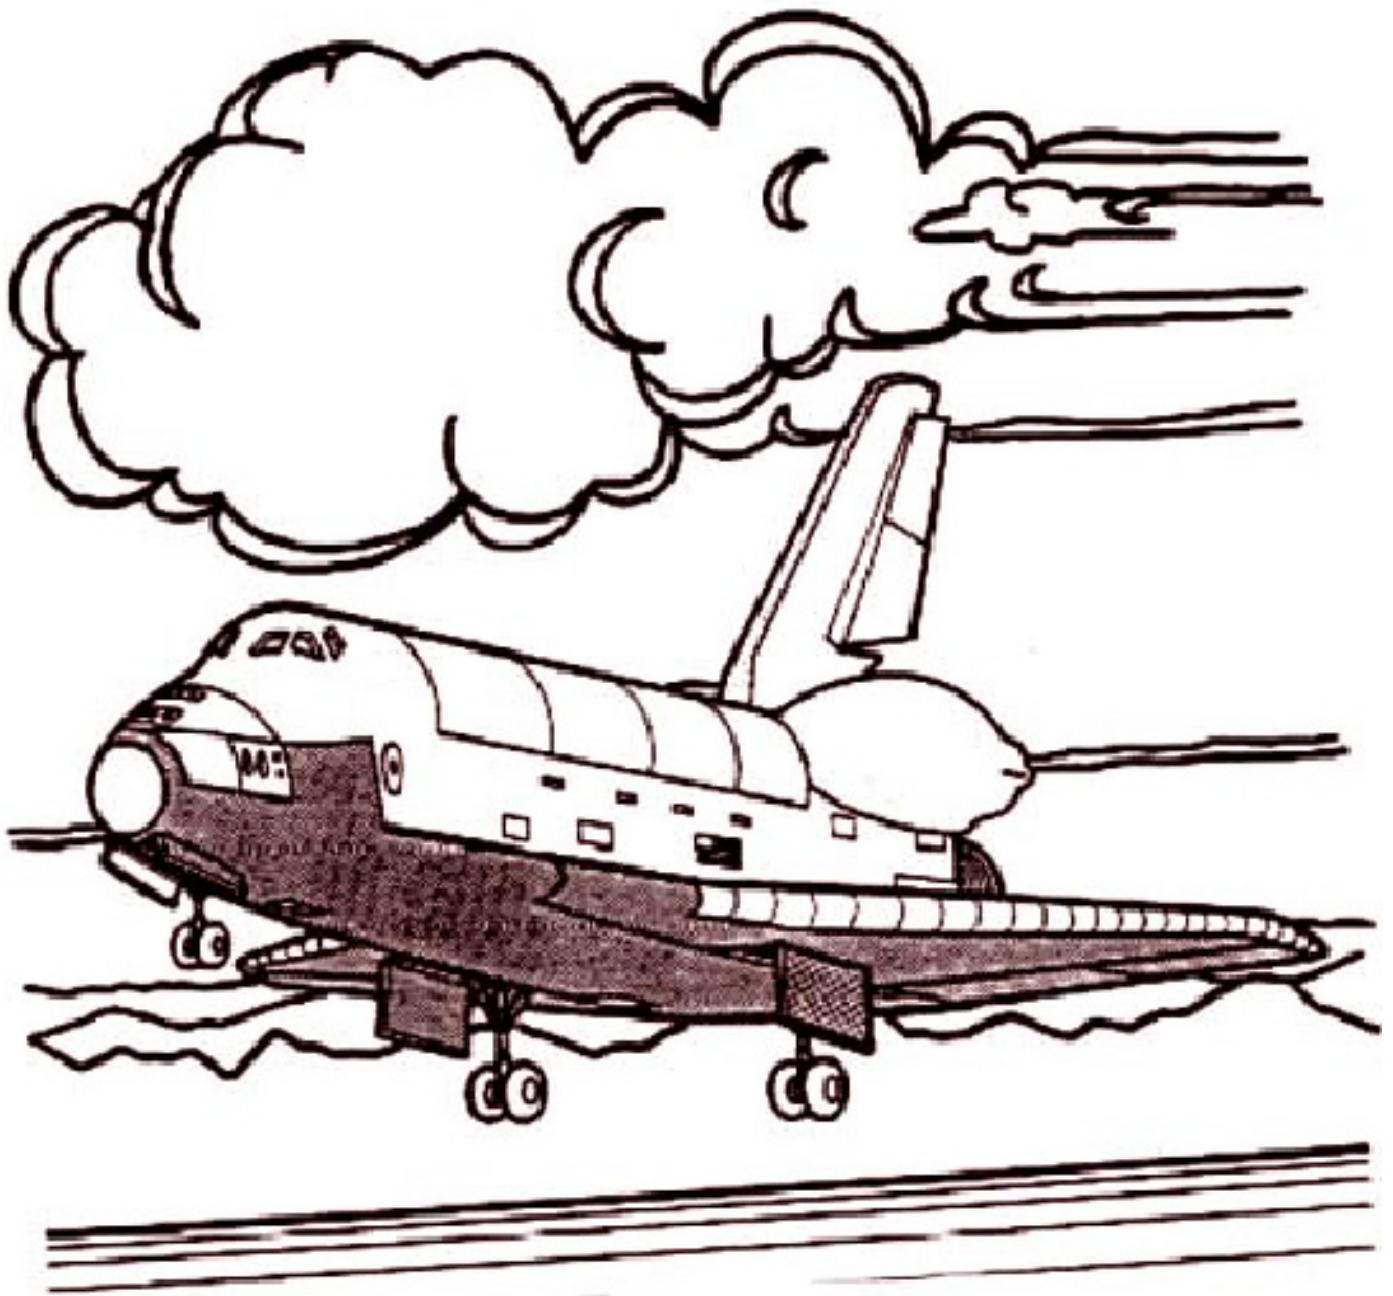

Connect the dots.

Spacewalking is fun!

The shuttle flies back to Earth.

The shuttle lands. The mission
is complete.
